

TONIGHT WILL BE DATE FOR ELKS CONCERT

Contrary to the announcement made in The Bonanza last Saturday that the Midland Lyceum bureau concert, under the auspices of Tonopah lodge of Elks, would be held on Wednesday evening, the concert will be held at Elks' home tonight. This change was made owing to the arrival here of the concert company last Saturday and their inability to make another engagement prior to Wednesday. The first scheduled date was for Tuesday evening; this was changed to Wednesday and has again been changed to Monday, so the public is notified that the De Willo Concert company will appear here tonight.

The De Willo Concert company will prove to be one of the finest attractions that has been scheduled to appear in Tonopah during the winter. Mrs. De Willo Semerou is a soprano and pianist of charm and ability. She will be ably supported by LaNaomi Coffin on the violin and De Willo Semerou on the concertina, making a program that will be of more than ordinary entertainment for the music loving of Tonopah.

HALF OF CYANIDE IS USED IN NEVADA

That the cost of mining is decreasing in some ways is indicated by the announcement of Henry M. Rives, secretary of the Nevada Mine Operators' association, that the association has just signed the contracts for its cyanide supply for 1922 at the lowest price ever secured by the association, according to the Reno Gazette. The Nevada Mine Operators' association purchased practically all the cyanide used in the mining industry in Nevada, which is half of the cyanide used in metallurgy in the United States.

MEETING OF ELKS

Regular meeting Tuesday, January 10, at 8 p. m.

LOWELL DANIELS,
Jr. 21. Secretary.

NEVADA NOW IS OUTDONE BY S. A. COUNTRY

(By Associated Press) BUENOS AIRES, Jan. 9.—The Uruguayan divorce laws have made the city of Montevideo the mecca of the ill-matched couples of the neighboring republic of Argentina.

The Buenos Aires newspapers refer to Montevideo as a "matrimonial safety valve," and drily observe that up-to-date divorce legislation has been rendered unnecessary in Argentina by the enterprise of the Uruguayan lawgivers.

According to La Razon of Buenos Aires, the Montevideans—possibly in a fit of repentance for having dissolved so many Argentine unions—are now endeavoring to hold the balance even by making marriage an easy and expeditious matter in their capital.

So far have they gone in the latter direction that they have been condemned by both Uruguayans and Argentinians. One cynical scribe, however, remarks that the "marriage while you wait" system should serve as an excellent feeder to the divorce court in the slack season.

PRESSES BUSY MAKING MONEY FOR AUSTRIA

(By Associated Press) VIENNA, Jan. 9.—Only the money of soviet Russia is now cheaper than the currency of Austria, and prices in crowns are rapidly approaching the same fantastic figures as in rubles.

Of the 120,000,000,000 of crowns in circulation on December 1, 72,500,000,000 have been issued in 10 months.

Effective December 1, new federal taxes are calculated to yield about 150,000,000,000 crowns, principally on public utilities and the state monopolies. The increases range from 80 to 250 per cent. Taxes on all spirituous and malt liquors are increased enormously.

It is nearly impossible to estimate the increased cost of food, varying as it does in different parts of the city, but fats, milk, bread other than the rationed article, white flour, are not only beyond the reach of the average Viennese but very difficult for any one to obtain. Firewood has advanced 100 per cent and coal about 80 per cent.

LACK OF AIR TOO MUCH FOR CHURCH LIGHT

CHICAGO, Jan. 9.—When the first Eskimo church was built inside the arctic circle in Alaska its lights went out, according to Bishop Peter T. Rowe, Episcopal bishop of Alaska, who is here in the interest of the Alaska Indians. This was because it was a snow church and the Eskimos had to pack into its small interior so closely that they used up the oxygen, Bishop Rowe said.

The snow roof dripped, too, and altogether the big igloo did not prove a good meeting place, he added. So they built the first frame structure, above ground, on Alaska's northern shore.

"The Eskimos did not know how to use tools," he said, "and the missionary and I took two sets of them, four in each, and showed them how, and altogether we built the church."

OKUMA NOT DEAD AS WAS REPORTED

TOKIO, Jan. 9.—Marquis Okuma, whose condition of coma led to reports of his death, was still alive at 5 a. m. today.

CARD OF THANKS

It is our desire to thank the members of the Loyal Order of Moose, and the many other friends of our husband and father, the late William Hender, for their heartfelt condolences and beautiful floral offerings received at the time of his funeral.

Mrs. William Hender and Son.

IMPORTANT NOTICE

A meeting of the executive committee of the Tonopah Vigilante committee is called for tonight at 8 o'clock at the usual meeting place. All members are urged to be present.

NOTE: The Tonopah Vigilante committee is a separate and distinct organization from that in existence during the war period, and was only recently formed.

LONDON CLUBS ARE HAVING HARD TIMES

(By Associated Press) LONDON, Jan. 9. It is no exaggeration to say that 90 per cent of the London clubs are insolvent, an article in the Evening News states.

According to the writer, most of London's 150 clubs have been unable to pay their way for the past two or three years and have been keeping up a precarious existence by increasing subscriptions and entrance fees, and by raising loans and mortgages at high rates of interest. In many cases, salaries and board of the servants absorb the whole of the subscriptions.

DECREASE SHOWN IN NEVADA METAL OUTPUT

(Continued from Page One)

Mining, Nevada Consolidated, Elko Prince, Gold Canyon and Olympic. A large increase in the output of gold was made by the Gold Canyon Dredging company at Dayton, which operated a large dredge through the year. In Lander county the Homestake placers produced considerable gold. In Clark county the Teahup mine was idle but ore rich in gold was shipped from the Duplex mine. There was much activity in the Comstock district, especially in development work, but the output of both gold and silver was slightly less than that of 1920. The Rochester district upheld its production, though the Nevada Packard was idle part of the year.

The mine production of silver decreased in quantity from 7,745,094 ounces in 1920 to about 6,881,000 ounces in 1921, and in value from \$8,442,000 to about \$6,655,000. The large mines of the Tonopah district produced about 4,531,000 ounces of silver in 1921, as against 4,816,955 ounces in 1920. The largest producers of silver were the Tonopah district, West End, Tonopah Extension, Tonopah Mining and Rochester silver mines. Large quantities of silver were also produced by the Tonopah Divide, Leadville, Consolidated Virginia, Nevada Packard, Comstock Leasing, Montana Tonopah and Jim Butler mines. Every effort was made, especially at Tonopah, to take advantage of the Pittman price of silver, but the strike at Tonopah and Divide prevented an increased output. Rich silver ore was mined and developed in many camps in 1921. The most prominent were Silver Horn, Lincoln county; Argente, Klamath, Hornsiver and Divide, Esmeralda county, and San Antonio, Nye county. In Barcelona district, Nye county, the Consolidated Spanish Belt Silver Mining company operated a new mill in November.

The mine output of copper decreased in quantity from 50,559,763 pounds in 1920 to about 15,515,000 pounds in 1921, and in value from \$9,302,996 to about \$1,956,000. The Nevada Consolidated mine at Ely, in White Pine county, was the largest producer of copper, though the mining of the low-grade ore was discontinued in April. The Ruth mine produced a large quantity of first-class copper ore, which was placed in stock at the smelter. The property of the Consolidated Copper Mines was idle, and little copper ore was mined in other parts of the state.

The mine output of lead decreased in quantity from 21,263,700 pounds in 1920 to about 7,803,000 pounds in 1921, and in value from \$1,701,096 to about \$359,000. The mines of the Yellowpine district, Clark county, were practically idle, and the Prince Consolidated mine at Pioche was active only three months. Most of the lead came from Bristol Silver, Prince Consolidated and Virginia Louise, at Pioche; the Eureka Holly, Eureka Croesus and Richmond Eureka, at Eureka; the Leadville mine, near Gerlach, and the Spruce Monarch, south of Tobar. Mill operations were started at the Simon mine in Mineral county.

No zinc ore was mined in Nevada in 1921, though the production of zinc was 10,698,040 pounds in 1920. It was not profitable to ship zinc ore to eastern smelters on account of the high freight rate and the decreased price of zinc. The Consolidated Copper Mines, at Ely, and the mines at Goodsprings, large zinc producers in 1920, were idle in 1921.

The dividends declared by Nevada mining companies for the first 11 months of 1921 amounted to \$640,357. The principal contributors were the Tonopah Extension, Rochester Silver, Tonopah Belmont and Tonopah Mining companies.

AMUSEMENTS

"THE SHEIK" HEADS BUTLER BILL TODAY

"The Sheik," a George Melford special Paramount production, with Agnes Ayres, who recently appeared in "The Affairs of Anatol," and Randolph Valentino, the never-to-be-forgotten hero of "The Four Horsemen," in the leading roles, will be the headline attraction at the Butler today. The book that amazed and thrilled the country—now the year's greatest screen sensation, being played at this time in over 250 of the leading theatres in the United States. A story of stolen love that has sent a new thrill through the English-speaking world, flinging away the trappings of civilization; leaving the lady only a woman, the gentleman only a man. The tale of a lawless Arab chief who loved an English beauty—and took her! Stormed her caravan, carried her off to his tent, lost her, fought for her, mastered her, won her, heart and soul. A romance all colored with barbaric splendor. Swift and free as a galloping Bedouin.

CLASSIFIED ADS

FOR SALE
